

Pneumatic Vacuum Cleaners

IMPA CODE

Ref. 590721

Ref. 590722

Suitable for ship, building and other complex environment cleaning operations. In addition to metal debris, pneumatic vacuum cleaners can thoroughly remove water, oil, dust, sludge, or other mixtures. The utility model can be used and the operation is convenient when the utility model is installed on an ordinary bucket. No moving parts inside, so it won't wear out. There is no risk of fire or electric shock. Unique float design, in the bucket filled with impurities, will automatically stop working. Easy maintenance and can be washed directly. 0.6-0.8 MPA gas supply can be used anywhere. Light Weight, small size, easy to carry.

型号 Model	TD-300	TD-300A	TD-500	TD-500A	TD-501
物料编号 Ref.IMPA CODE	590721(v-300)		590722(V-500)		
主体材料 Main Body Material	涂漆钢 Painted Steel				SUS 304
工作压力 Working Pressure	100PSI (0.6-0.8MPA)				
真空度 Vacuum Level	3000mm 水柱 water column				
抽吸能力 Suction Capacity	1.2CBM/分钟Min		2.0CBM/分钟Min		
空气消耗量 Est.Air Consumption	0.22CBM/分钟Min		0.36CBM/分钟Min		
吸嘴尺寸 Suction Nozzle Size	φ25mm or W14mm		φ32mm or W14mm		
吸水软管尺寸 Suction Hose	φ25mm*2米 meters		φ32mm * 2米 meters		
标准进气口 Standard Air Inlet	30PM 快速接头 quick connect coupler				
钢桶 Steel Pail	φ30mm-20L*1pc	不包括 Excluded	φ30mm-20L*1pc	不包括 Excluded	φ30mm-20L*1pc
其他附件 Other accessories	TD-500B 轮式托盘 (单独购买) Wheeled Tray (to be purchased separately)				
单位重量 Unit Weight	5.2Kas	4.1Kas	5.3Kas	4.2Kas	5.5Kas
